Trials

We are really hoping that some members who have never had a go at trialling before feel up for having a go on Sunday 17th November. This trial has been organised especially for people who want to have a go.

Don't worry about whether your Land Rover is suitable for trialling or not—we will be able to help. Don't worry about whether you will be any good—depending on what suits you, there will be the opportunity to watch others, passenger with an advance driver, have an advanced driver passenger with you or a chance to have multiple goes.

Hopefully we will see some of you there. Those who do want to attend will need to arrive at the Long Buckby site by 9.30am for scrutineering and the trial will start at 10am. The cost of the trial is £20. If you aren't sure where to go, there are maps to all of our sites on the website, or you can give Paul a call on 07718 118778
