Chairman's plea – YOUR CLUB NEEDS YOU

We Are again coming to that time of the year when the current club committee stands down, and a new committee is voted in at the AGM. This year is going to be different as some members of the current committee are NOT standing for re-election. As I write this, only three current committee members are choosing to stand again, and this why the club needs your help.

Under the club and limited company rules there has to be a minimum of five members to form a committee. If there is not at least five then under the rules the company directors would have to take over the administration of the club. At this point there can be NO club activities unless the directors are able to co-op members on to the committee and achieve the minimum number required. If they are unable to do this, then again under the rules they would have to wind up the club/company, and the company regulations state that any money left in the bank would have to be given to another Land Rover organisation like the ALRC. (The money can NOT be shared out between club members). So to ensure that the club can continue I am asking for some members to volunteer to serve on the committee.

If you are able to volunteer, then please give a completed nomination form to Michelle ready for voting on at the AGM
