ENYROADUP

Dear ENLROC Members,

Thanks to all of you turned out last month with your vehicles. The Polish & Pose event was one of the first evenings I attended at the club when I joined the club and I think this year was as good as ever. There was a lot to see and plenty of lovely people to chat with. I had a great time even though my own vehicle couldn't be there.

A huge Thank You, to Rachel and Rockingham Land Rovers who donated so many generous prizes and a 'goodie bag' for every club member who was there with their vehicle. We really are fortunate to have such fantastic support from Rockingham Land Rovers not only at the club event but also whenever we ring them for advice, parts or repairs.

I now have a working brake system that not only means you'll be safe if you see me in your rear view mirror but also meant we passed the MOT first time! (That's a new experience for me since owning the landy)

This month's club night is 'Bring your own games'. I'm away so I won't see you but in September I'm hoping to gather the biggest collection of landy photos for a special viewing on the big screen. Please gather and save your photos so that you'll be able to send me some .

Have a lovely summer break.

Pete I.

Green Laning

July Report

As our resident Mistress of the lanes Hayley was otherwise engaged hurriedly laying a new kitchen floor with Greg she delegated her duties and under a cloudless sky, 5 Defenders, 5 dogs, 6 Dutch people, 2 laning virgins and a few natives set out from Grendon for a fun filled day.

The virgins did not stay laning virgins for very long as the grendon to Strixton lane was the first to be conquered before moving onto Wollaston and then we headed east to Cambridgeshire, having to bypass some lovely lanes as Bedfordshire has closed all of them.

Sadly there was no cake but plenty of tea, our lunch spot was overlooking Grafham Water however the lane leading to it was a little muddy leading to a stuck Dutch 110, this however was soon pulled free and tea and sandwiches were soon being consumed.

The afternoon continued with us back tracking down the same lane only for the same Dutch 110 to get stuck in the same place, on being asked why, Michael simply replied " I have OCD and I have to do everything twice!" to which there was no reply.

The afternoon continued without out incident through some beatiful countryside and along some lovely entertaining lanes. All resulting in some dirty trucks, tired dogs and happy faces.

Ask ENLROC!

Need to Know something? Why not ask the club members?

A question on behalf of David:

So, you've lent your wife the Defender to take up to Wales. She drives fast up the motorway and before you know it the engine is leaking water & Oil and the vehicle is dead at the side of the M6. When filling with water it leaks out of the water pump, the engine will turn over but shows no signs of starting.

What's likely to have gone wrong?
