

ENYROADUP

Dear ENLROC Members,

It was nearly a busy month for me and my landy. I tried to get to Yarwell but was let down by the battery. Most frustrating, particularly when you see the photos of what they got up to this time. I thought that trialling was meant to be calm and quiet.

Then I had more trouble with my brakes so I gave in and sent it to Rockingham. The MOT is due this month and it failed first time last year due to dodgy brakes. I did replace half of the braking system and managed to get it through but they've never been great and as I suspected that it would fail again (or kill me) I gave in and asked the professionals.

Thankfully they're really helpful at Rockingham and so now if you see me driving towards you I will be able to stop!

It great then that those kind people from Rockingham are also coming over to the club night this week to judge our 'Polish and Pose' comp. There isn't a category for best brakes but I always enjoy seeing lots of the other vehicles in the club. Please bring yours along and show off.

Pete I.

Green Laning

June Report

Our first Saturday outing took place on 14th June, as our Disco was out of service we decided to take the 90 only for the radiator to die on the way! Fortunately we had lemon cake, rad weld and willing volunteers who were able to sort the 90 enough for it to limp home. The rest of the route was made possible by Mike's giving me a lift in his 90 and resulted in a peaceful amble round the Northamptonshire and Warwickshire border taking in the lanes and scenic countryside. There was one interesting closure where Warwickshire has shut their half of a lane with Northamptonshire leaving the other end open but we quickly rerouted and headed to the lanes of Borough Hill before a nice run up to Great Brington for a pint. It was a good turn out and surprisingly we didn't have a single Discovery in convoy!

Thursday evening laning has started again with meetings at work being scheduled for the morning to try and keep them all on track! We are out on 3rd July starting at Northampton with a route that loops back to Maidwell, there are a number of locations where people can cut off and head home if it's getting a bit late and we currently have 3-4 trucks joining us.

Hayley & Greg

Important Update:

The planned trip for Saturday 12th July will most likely have to be postponed. For any who have already contacted Hayley she will keep you up to date. If you were interested but hadn't been in touch please do let us know so that we can judge the support for future events. Ta

The Shows!

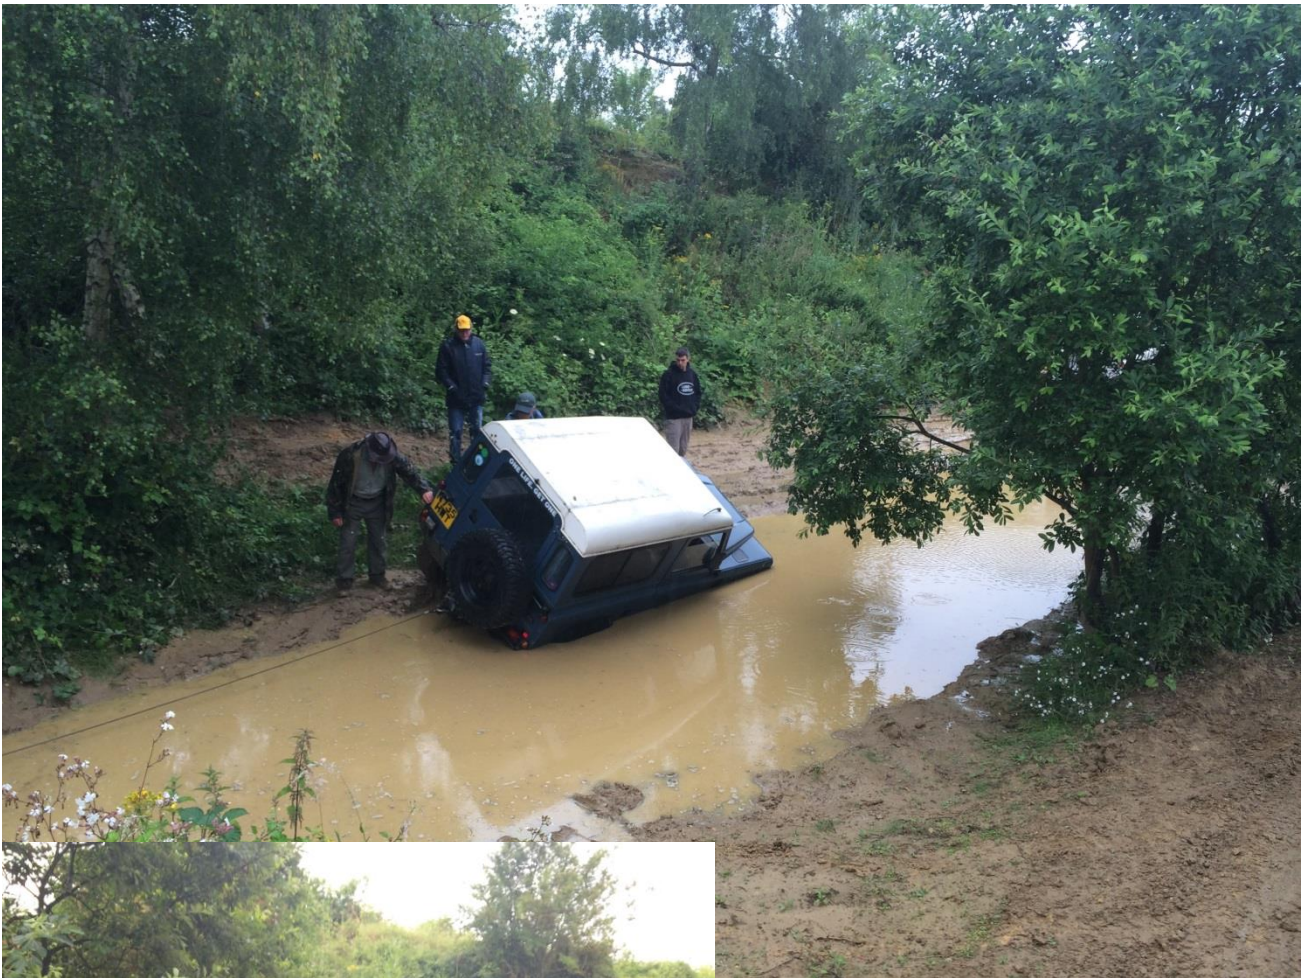

If you have been to a show recently please send me a photo or two and maybe some comments.

I'd like to run a show special report at the end of the summer but I need some information from those who go so that I can share this aspect of the club with everyone else.

Thanks

Trials!

It's fair to say that this doesn't normally happen on a trial! And also fair to point out that Ian is a pretty good driver who often achieves a clear round. I must also add that no landrovers were hurt (permanently in the making of these photos)

But I bet that these photos feature later in the year for our next caption competition!

ASK ENLROC!

Need to Know something? Why not ask the club members?

Make your suggestion via email to

enloc.pete@btinternet.com

Or see me at the club night.

Please contribute to your newsletter:

Please send me your news, photos, ideas and feedback. If you have been to an event send in a short report and some photos. If you've done a project on your Landy let me know and send in some pics. Planning an event, got something to say?

Advertise! –Do you have something to sell or swap? Do you have a service or skill to offer? Please let me know. Adverts in the newsletter are free to all members. You can even include a photo.

Email enloc.pete@btinternet.com or bring things to the club nights.
